ROYAL

The world-wide standard Baking Powder

Absolutely Pure

Royal Baking Powder is the embodiment of all the excellence possible to be attained in the highest class baking powder and its use is more economical than other leavening agents, because of the superlative quality and absolute wholesomeness of the food it makes.

Cheap baking powders, containing alum, are frequently distributed from door to door, or advertised as pure and wholesome. Such mixtures are not desirable for food ingredients. Most persons have learned to their sorrow that a low price does not always mean economy. This is especially so in a food article. No baking powder can properly be substituted for Royal.

Read the largest claim upon the label. If it is not "Crown of Tartar," don't buy the powder.

"THE GIRL AND THE TRAMP"

The Girl and the Tramp, a four-act comedy, will be presented at the Opera house next Saturday. The play was written by Charles Inskip and is an admirable vehicle for Floy Mann, his clever young soubrette, and Fred Beyers, a tramp comedian whose work is much on the order of that of Nat Williams.

Miss Mann playing the part of Flo Kamml, is supposed to be taken from the streets by a kind family after she has saved a baby from death. She meets the tramp after he has been an aggressor against the family and the two arrive for a long time to undo the work of a plotting man who has separated husband and wife.

While Miss Mann and Mr. Beyers are active workers in developing the plot of the piece, they are also chief funmakers, as they continually are found in the midst of comical situations and have many clever lines.

"THE ROSARY" AT OPERA HOUSE THANKSGIVING DAY

In the present day when so many plays are being presented which deal with questionable subjects, it is a relief to turn to a drama which breathes purity and good fellowship and leads the way to a brighter view of life and humanity. Such a play is "The Rosary," which will be seen here Thanksgiving day both matinee and night.

The theme of the play concerns a man and a woman happily married and surrounded with every luxury that money and culture can secure. But the husband is an unbeliever, an atheist without faith of any kind. There is a jarring note in the household harmony, a personality at war with the peace and love of its members. No one notices this until there comes a friend of the husband, Father Kelly, a priest of the modern world with a deep insight into human nature and a divine love for his fellow men. And when stress and trouble come when the home is wrecked and husband and wife are brought down to the depths of suffering again, it is the priest's calm courage and faith that saves them, drives away the clouds of suspicion, doubt and mistrust and brings them both into the sunlight of hope and love.

AMY ABRENS A REMARKABLE STUDENT

It just came out yesterday in a conversation with Mr. Edwin Dietrich, who taught Miss Abrens for two years and a half before she went to Europe, that during that time she not only took full work in the high school, but practiced for six hours each day on her violin besides. When it is considered that she had completed three years in high school before she left for Europe, at the age of 16, the splendid intellect of the young violinist can be appreciated.

During the five years in Europe she practiced from eight to ten hours each day beside attending rehearsals and lessons. Truly the violin is hard to master and it becomes plain why so many promising pupils never arrive at perfection. With such application a man with aptitude might become a great statesman or a great scientist.

Such effort shames the half-hearted efforts which most of us make in our own chosen vocations.

Miss Abrens would be the last to say that her days of study are completed. She will no doubt continue as she has begun, but the days of drudgery are over and in the future she will have the pleasure of the technique which the study has given her to help in study.

Interest in her concert is growing rapidly and she will play to an audience at the Burns tonight, which will present all the music lovers and those whose civic pride leads them to encourage our girl artist.

FURRY UP DELIVERY INSTALLS AUTO SERVICE

The growing business of the Furry Up delivery service is assisted by the fact that it is now possible to have packages delivered by truck or by motor car, instead of by the old-fashioned delivery wagon. The new service is being inaugurated by the Furry Up delivery company, which is now installing an auto service.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, tiredness, dizziness, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when women's great change may be expected.

PLAYED 'HOOKEY' TO HEAR ADDRESS AT CELTYSBURG

Walked 18 Miles to Hear Lincoln Make Famous Speech

Dr. J. M. Curtis, Local Coal Man,

Dr. J. M. Curtis, of the Curtis, Gray, Rapson Coal Mining company of this city, was an interested listener to the Gettysburg address of President Lincoln 50 years ago and was one of a half dozen Dickinson college students to shake the president's hand. Dr. Curtis was then a student of Dickinson college at Carlisle, Pa. 18 miles from Gettysburg, and with four other students took "French leave" from college the night before the anniversary of Gettysburg and drove all night over the mountains to be present the next morning where President Lincoln was to deliver his address. At the time it was delivered," said Mr. Curtis "it was not recognized as a gem of English literature or as being out of the ordinary. The orator of the occasion was Edward Everett, who delivered an oration that far overshadowed the brief address of Mr. Lincoln at the time, but today the American people and the entire world are familiar with every word of Lincoln's matchless address where probably not a sentence of Mr. Everett's oration is recalled.

SIDEWALK LAW ADOPTED

The sidewalk ordinance, which has been under consideration for some time, was adopted at the meeting of the city council yesterday. The commissioners spent much time in drafting the ordinance. It provides stringent regulations regarding the use of sidewalk space by merchants.

This Home Made Cough Syrup Will Surprise You

Costs Little, but there is Nothing Better at Any Price. Fully Guaranteed.

Here is a home-made remedy that takes hold of a cough almost instantly, and will usually conquer an ordinary cough in 24 hours. This recipe makes a pint enough for a whole family. You couldn't buy as much or as good ready-made cough syrup for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents worth) in a pint bottle, and add the Sugar Syrup. This keeps perfectly and has a pleasant taste children like it. Braces up the appetite and is slightly laxative, which helps end a cough.

You probably know the medical value of pine in treating bronchial asthma, bronchitis, spasmodic cough and whooping cough. Pinex is a most valuable medicinal compound of 100% pure white pine extract, rich in gualacols and other natural healing pine elements. Other preparations will not work in this combination.

The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United States and Canada, which explains why the plan has been imitated often, but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

Use, Not Even Chasers

for Ramona, Says Council

That the city council will stick to original position regarding the furnishing of water to the town of Ramona, set forth in resolutions passed one time ago, was indicated yesterday when a man named Jordan petitioned for water for a grocery store and barber shop which he has partly constructed in Ramona. The city officials individually expressed the opinion that if the request be granted, Ramona could not be denied would be received. No action was taken.

Wet, chilly weather there is always a large demand for BALLARD'S OIL LINIMENT because many people know by experience its great power in relieving rheumatic aches and pains, and to apply it at the first stage. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists. Adv.

PROPERTY OWNERS ASK CITY

TO PREVENT FOUNTAIN FLOODS

Thirty property owners yesterday presented a petition to the city council requesting that something be done to prevent floods on Fountain creek. According to the petitioners the floods are partly due to the sinking up of the section street and South Nevada street. It developed that the property affected is outside the city limits so matter was referred back to the petitioners who will probably present it to the county commissioners.

TIGERS FRISKY AFTER THREE-DAY REST; LOSE ONLY THREE PLAYERS

Locals Will Meet Worthy Foe in Emporia Team; Kansas Champions

After a three-day rest enjoyable to the members of the squad, the Tigers went back to work last night to train for the last lap of the season. It was the first long layoff of the season and the members of the squad, back in their suits again, frisked about as they did when the season opened in September.

Taylor, although still suffering from a sprained ankle and a bruise on his back, was back in his place at halfback. He was not himself, however, but he was in good condition by next Thursday, when Emporia meets the locals.

Coach Rothgeb feels that his team will oppose an eleven of real prowess in that of Emporia college and will not let up on the training of his men. He says the fact that the regular conference season for the locals has ended.

Few Injuries This Year.

There was no scrimmage last night and probably will be none tonight. The coach is taking no chances on injuries. He is on his toes, looking through the season with a wonderful record. Only one injury of consequence has occurred through the season. Rod's big and willing guard sustained a fracture of one of the small bones in his ankle during the Utah game but this was not serious beyond the fact that it delayed the team of a strong man. The season in the Rocky mountain conference has been remarkable free from serious injuries.

Loss Three Men.

Already plans are being made for next year's team. Three veterans leave the team this year. Bowers, Gerlach and Koch. Bowers makes his last appearance next Thursday in a Tiger suit, having played four years on the first team. A record that in this day of rules and conferences is an exception.

While it is not certain that all of this year's team will be back next fall, there is a better nucleus for a winning team than has been on the squad for years. Ten of this year's squad have played in the following: (Claybaugh), (Barnack), (Schock), (Davis), (Baich), (Taylor), (Rosen) and (Emmell). In the present season class which had a football team on display for about three weeks, several stars dropped out who promise to become sensational players. These are Cover, halfback and Heffner, halfback. Several of the linemen showed up well and several heavy future stars were discovered.

ELONGATED HEAVYWEIGHT SCAPPER HERE FOR BOUT

Fred McMahon, 6 Feet 8 Inches Tall, Wants to Mix for \$500 With Bob Graham

Colorado Springs is now the home of probably the tallest prizefighter in captivity. Fred McMahon, late of Springfield, Ill., arrived in the Peak's shadow yesterday looking for a bout here with any heavyweight. Bob Graham preferred. He says he is willing to bet \$500 on the match.

McMahon is 6 feet 8 inches long and has 205 pounds of meat distributed over that area. His arms and legs are unusually long and he is said to have a smart punch as an up-and-coming fighter. McMahon's manager will arrive here in a few days and every effort is going to be made to stage a bout for the giant.

TERRORS PREPARING FOR SOUTH DENVER

The curtain on the football season for the Terrors will fall Saturday, when they meet the strong South Denver eleven, champions of the capital city. The locals had a game scheduled with Grand Junction for Thanksgiving but the western league management decided it was too big a deal. Grand Junction has won the western Colorado title.

The Terrors game Saturday should be just as thrilling as the one last Saturday with the Boulder Prep. The South Denver team last Saturday defeated North eleven by the score of 41 to 0 and two weeks ago played a tie with East Denver. East scored a touchdown after time was called and the game was protested and called a tie.

The southsiders have shown good form with the forward pass and the average were given all Denver choice sports writers.

The Terrors took things easy Monday and Tuesday, but livened up the practice last night with back scrimmages.

GOV. TENER ACCEPTS LEAGUE PRESIDENCY

All Votes Favorable; Will Not Resign Post With Pennsylvania

HARRISBURG, Pa., Nov. 19.—Gov. Tener said tonight that only a few minor details were to be arranged before his acceptance of the presidency of the National league of baseball clubs. He made this statement on his way to a train for Philadelphia after a four and half hour conference with the committee of four representing the clubs of the league and Charles Ebbetts of the Brooklyn club stated that he regarded the matter as settled.

The governor was tendered the presidency of the league, being assured of the votes of all clubs by H. W. Hempstead, representing the New York club; Harry Ackland, representing Chicago; Charles H. Ebbetts, representing Brooklyn; and W. F. Baker, representing Philadelphia. Barney Dreyfuss, Pittsburgh; S. B. Britton, St. Louis; August Hermann, representing Cincinnati; and J. E. Gaffney, Boston, were unable to be here but it was stated they were in accord with the proposition to elect the governor as president at the meeting in New York on December 9. The committee members were guests of the governor at luncheon and spent the whole afternoon closeted with him at the executive mansion.

Will Not Resign as Governor.

The governor said: "We had hoped the matter would be settled but some minor points in the negotiations remain to be considered and the representatives here will consult with their colleagues who are not present."

"We regard the matter as all settled," said Mr. Ebbetts.

The governor then continued: "In case I accept the presidency of the National league I will not resign as governor. Neither will I give my undivided time to the affairs of the league for the remainder of my term as governor."

The term will be for five years at \$25,000 a year according to reports circulated.

PHILADELPHIA, Pa., Nov. 19.—Governor Tener upon his arrival here tonight from Harrisburg said he had agreed to accept the presidency of the National league of baseball clubs for a term of four years. He has been assured of the unanimous support of the eight club presidents, four of whom consulted with him today at the state capital, while the others were informed of the prospect of the negotiations by long distance telephone.

Although he has agreed to accept an election at the next meeting of the National league in New York on December 9, Governor Tener declared that he would not assume any duties that would interfere with his responsibilities as chief executive of Pennsylvania. Until his term as governor expires in January 1915 he will not accept any salary from the National league and will head the organization in an honorary capacity.

The governor declared: "He said that he had been made a business proposition which he did not feel he could afford to decline and that if the amount of his salary were to be made public the announcement should come from the league owners."

WORLD TOURISTS OFF FOR JAPAN; 67 IN THE PARTY

VICTORIA, B. C., Nov. 19.—The world touring baseball players of the New York Giants and the Chicago White Sox arrived from Seattle by special steamer tonight and embarked on the Canadian Pacific liner Empress of Japan, which immediately sailed for Yokohama where the American ball players will play their first game in the orient.

With managers, players, press representatives and fans the party numbered 67. Of five newly married couples who started the tour as a honeymoon trip, three are making the trans-Pacific voyage. They are Mr. and Mrs. J. E. McGraw, Mr. and Mrs. Harry Lober and Mrs. and Mrs. Larry Doyle. Charles Comiskey, president of the Chicago American league, is conducting the tour. James Sheridan and Klem will officiate in the games abroad.
